# stop!

This comic is presented in its original Japanese right-to-left format, in order to preserve as much of the detail and orientation of the original artwork as possible. Readers unaccustomed to this "manga-style" order are welcome to download the Standard Edition of this comic.

But if you prefer authenticity or simply wish to have fun trying something new, all you need to do is start from the top-right panel of each page and work your way towards its lower left-hand corner. Please use the guide below to see an example of the reading order you will encounter:

M... MY RECOMMENDATION IS...

ubunchu!

IT IS VERY POPULAR WITH THE USERS, AND IT IS THE HOTTEST DESKTOP LINUX DISTRIBUTION AVAILABLE!

Isn't it Ubuntu, not Ubunchu?

NO WAY!!

Stop talking at the same time!

It can't be any good!

Stop messing around!

WAIT, JUST GIVE ME A SECOND AND HEAR ME OUT!

AKANE: CLUB PRESIDENT

The Command Line... Rocks!

AND YOUTUBE IS A WASTE OF PROCESSING POWER!  
THE DESKTOP ISN'T REQUIRED FOR LINUX!

MASATO: CLUB VICE PRESIDENT

No Youtube!

Inferior Product!

IT SOUNDS OK AT FIRST, BUT IT'S REALLY LINUX! YOU CAN'T EVEN WATCH ONLINE VIDEOS!

RISA

AS YOU CAN SEE, IT IS A BIT OF A MESS HERE AT THE SYSTEM ADMIN'S CLUB.

WINDOWS XP...!!

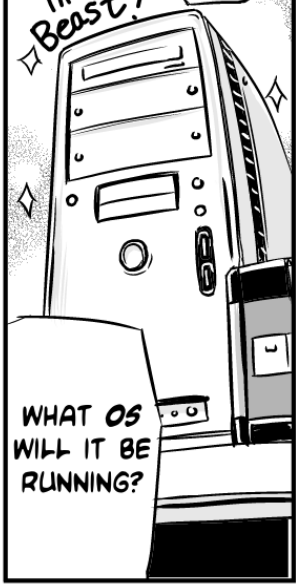

SLACKWARE...!!

I'll fight you for the OS!

...IS THE ONLY ACCEPTABLE ANSWER!!

WELL WE SPENT ALL OUR MONEY ON THIS AWESOME QUAD CORE COMPUTER.

The Beast!

WHAT OS WILL IT BE RUNNING?

Ouch!

I HAVE TRIED TO SOLVE THIS SITUA--

Software Choices

CLI-based Linux

Windows

VS

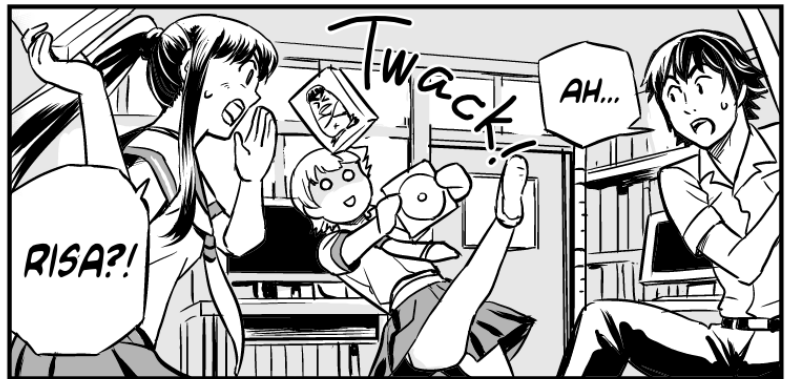

WE ARE ALWAYS AT WAR WITH EACH OTHER.

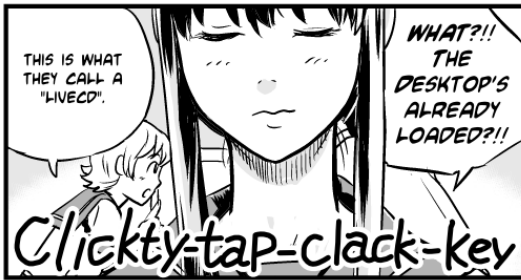

THE WORLD IS SPLIT INTO THREE SYSTEMS:

(FORTUNATELY THE CLUB ONLY HAS THREE MEMBERS.)

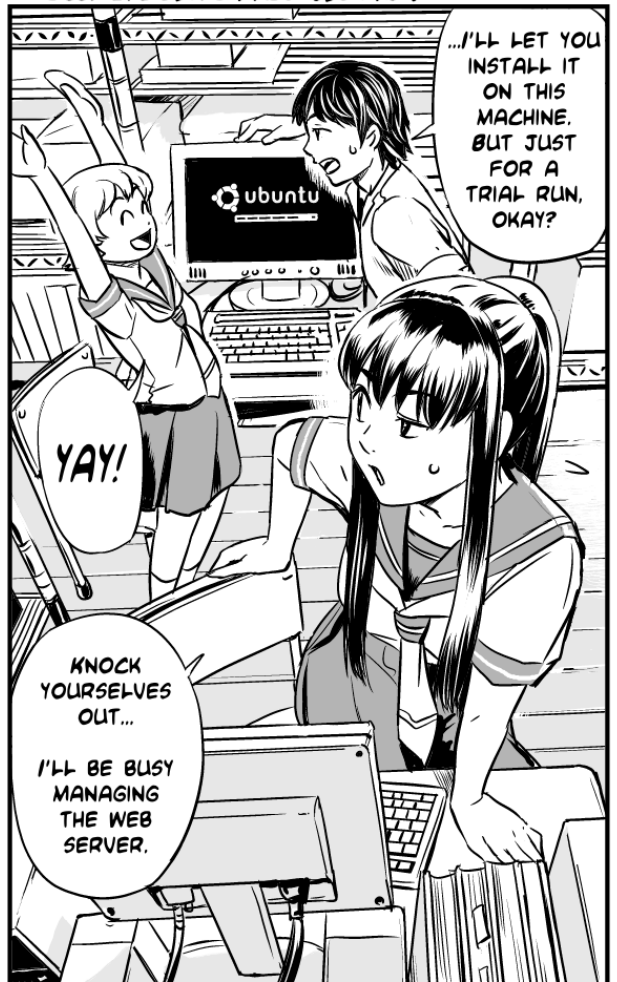

= SIGH =

Again, not "Ubunchu" but Ubuntu.

See? It's Ubuntu, not "Ubunchu".

YOU'VE LOST ME...

It is truly a heroic ordeal!

An engineer must acquire the sorcery of the command line. Only a true wizard can triumph!

Exploring labyrinths of directories, battling monstrous hardware devices...

HUH?!

PFFT! ENJOY YOUR CHILDISH TEXT-BASED COMPUTER BY YOURSELF.

YOU DON'T USE A DESKTOP DO YOU?

IS NOT THAT EASY!

INSTALLING LINUX...

W-- WHAT SORCERY DID YOU USE?!!

THE MAGIC OF CLICK FORWARD, CLICK FORWARD, AND...

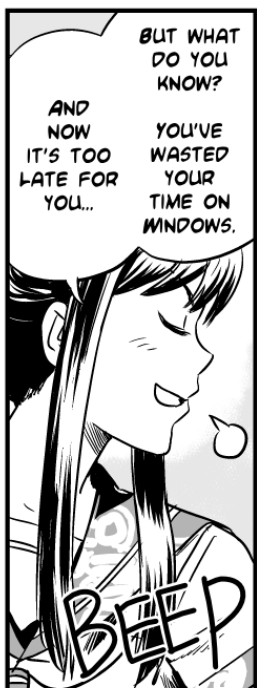

CLICK FINISH?

Drumbeat Jingle!

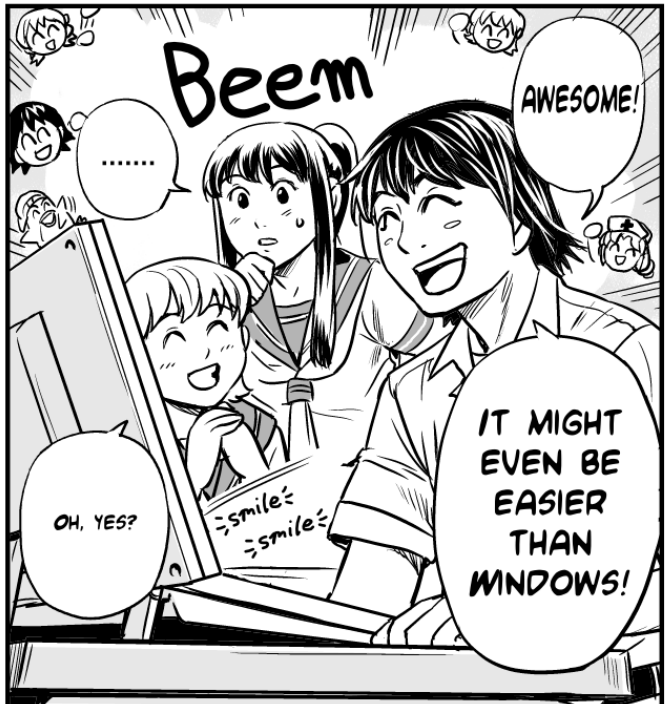

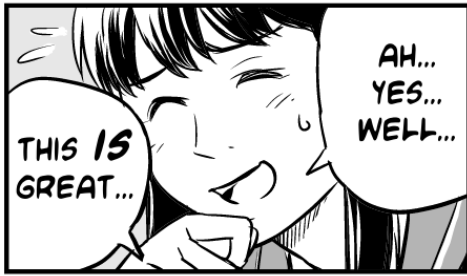

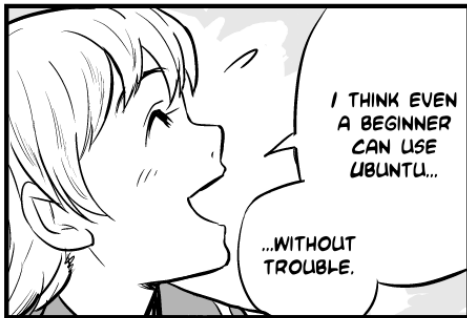

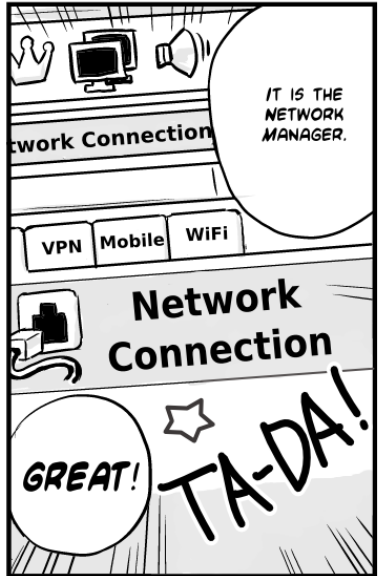

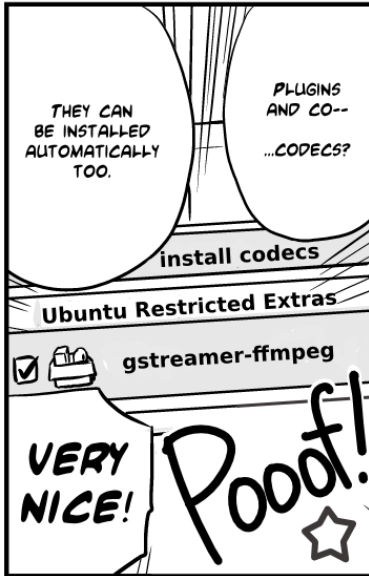

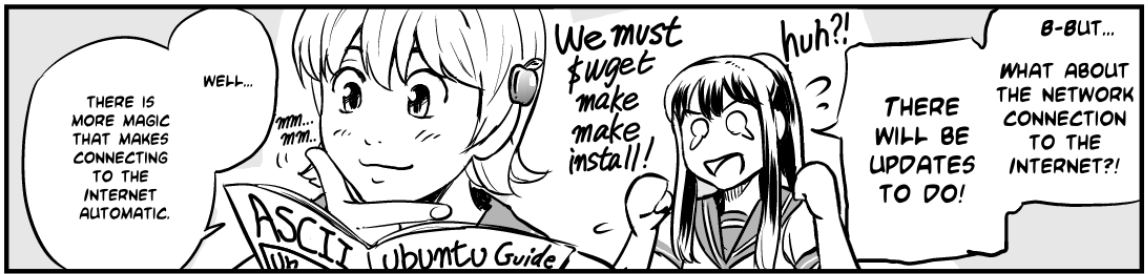

WAIT, WHAT?! ALREADY?!

GOOD, THE INSTALLATION HAS COMPLETED!

BUT WHAT DO YOU KNOW? AND NOW IT'S TOO LATE FOR YOU... YOU'VE WASTED YOUR TIME ON WINDOWS.

BEEP

AND STUFFY OLD UNIX LABS.

ONE ONLY REALLY USEFUL IN MUSEUMS.

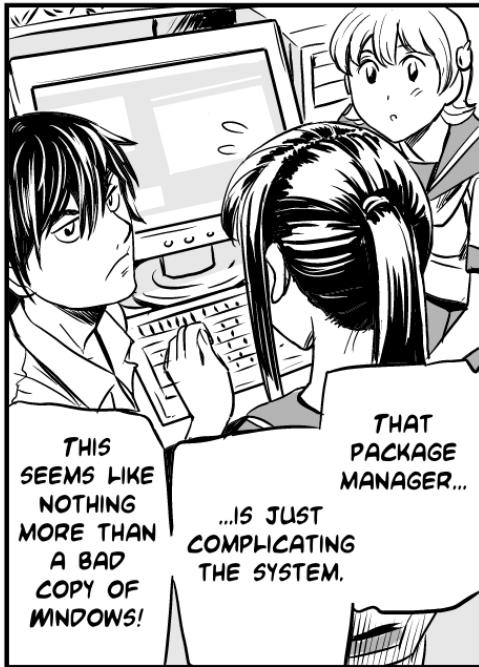

THAT'S JUST A RELIC OF THE OLD WORLD.

THE COMMAND LINE?

huh

UBUNTU IS....

THIS SEEMS LIKE NOTHING MORE THAN A BAD COPY OF WINDOWS!

...IS JUST COMPLICATING THE SYSTEM.

THAT PACKAGE MANAGER...

NO!

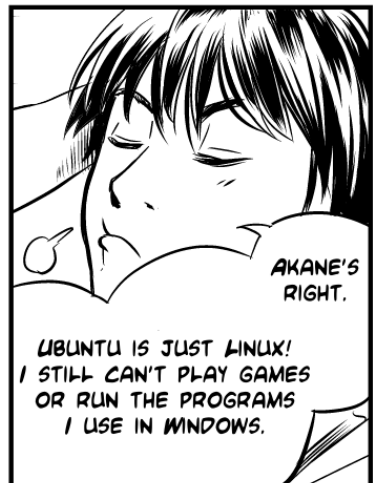

ABSOLUTELY NOT!

THE TERMINAL IS CRITICAL FOR SYSTEM MAINTENANCE!

OH?

Pft!

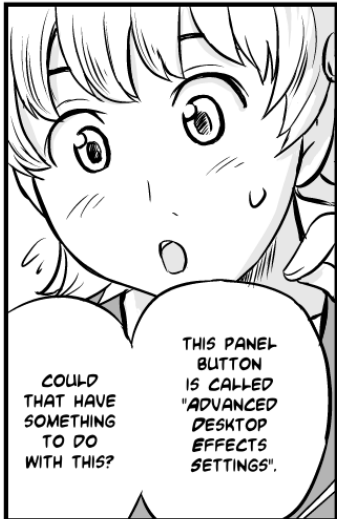

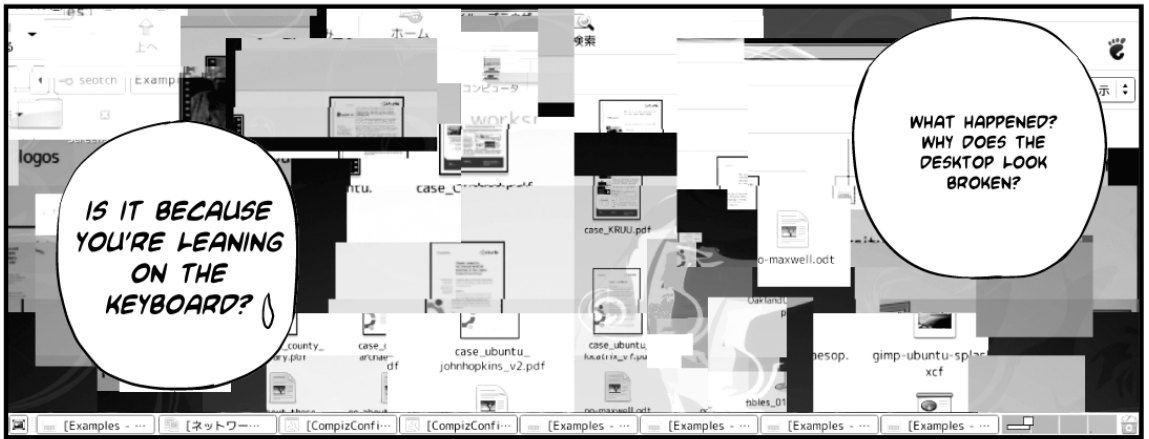

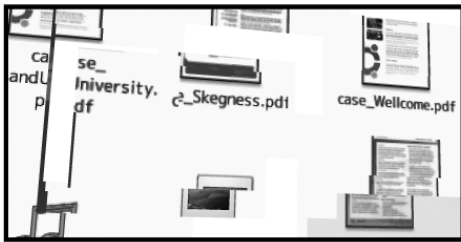

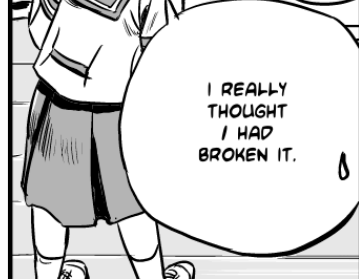

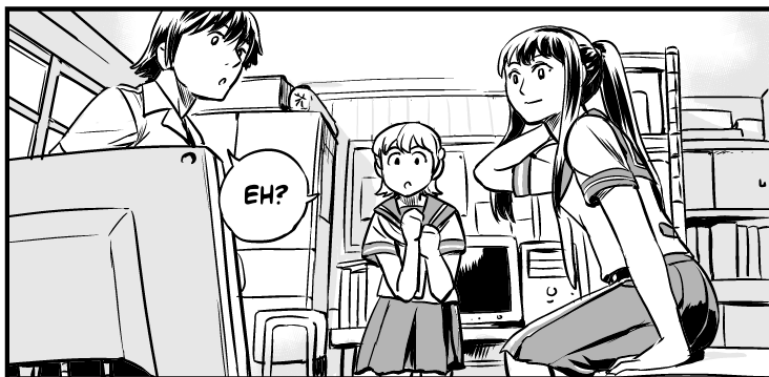

AKANE'S RIGHT.

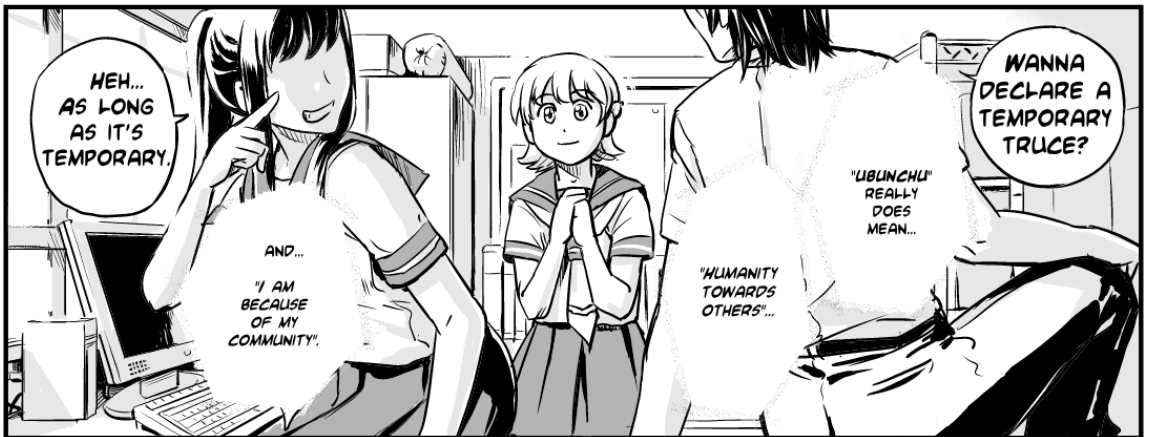

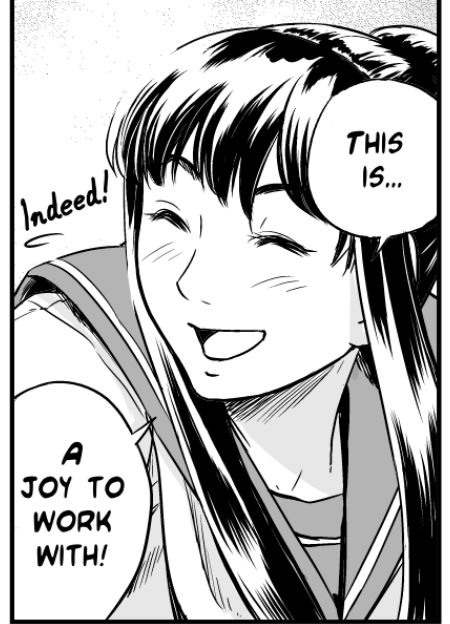

UBUNTU IS JUST LINUX! I STILL CAN'T PLAY GAMES OR RUN THE PROGRAMS I USE IN WINDOWS.

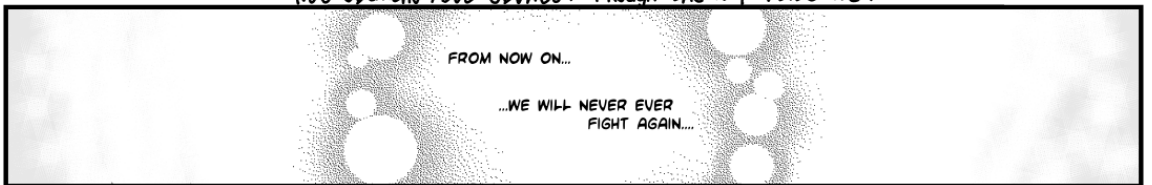

Not "Ubunchu", but "Ubuntu". Though she is persistent.

**THE END**
